**"Our greatest weakness lies in giving up. The most certain way to succeed is always to try just one more time."
- Thomas Edison**

Dear Parents,

For almost six years our founding team has dreamed of opening our school in Highlands Ranch. It has been a long and challenging road to get to the point we are at today. It is with great pleasure that we announce today that we have successfully crossed a major hurdle!

Earlier today we finally closed on our facility for NSA West! The building at 6161 Business Center Drive is officially the new and permanent home of our school.

Construction is expected to begin in January with the grand opening of our new school in August 2010. We have been working on construction plans for the past couple months, and we intend to share our facility design plan during our groundbreaking ceremony in early February. Look for details regarding this ceremony in the next few weeks along with other important information.

We want to thank everyone for their patience and support over the last 6 years. Your dedication to the vision of NSA West has helped to make our dream a reality.

Regards,

The NSA West Founding Board
