

## Early Childhood Education Program – Enrollment & Tuition

**The NSA West Early Childhood Education program will provide a nurturing, content rich academic program where primary aged children fully prepare to enter grade school with confidence.**

### **ENROLLMENT**

For the 2010-2011 school year, the NSA West Early Childhood Education program will offer a Core Knowledge preschool program for 3 and 4 year olds, serving 80 students. The school will launch its pre-kindergarten program for 4 and 5 year olds, serving an additional 20 students, in fall 2011.

Enrollment for the school’s preschool program will follow the NSA West Enrollment Policy with a lottery for the 2010-2011 school year taking place January 19, 2010. To be included in the lottery, a completed Intent to Enroll form must be submitted by January 15, 2010.

**Please note that due to Colorado Department of Education startup grant requirements for NSA West, enrollment in the NSA West Early Childhood Education program will not provide priority enrollment into the NSA West Kindergarten program.** This requirement will expire for the 2013-2014 school year, when CDE grant funding ends.

### **TUITION**
